BHS RESOURCES

If you are having problems or you are concerned about someone else, who should you turn to? There are many trusting adults here at BHS who can help, and if they cannot help you directly, they will find someone who can. It is important to make connections with peers and adults, especially in high school! Here are some suggestions of adults at BHS that you can go to if you need someone to talk to:

- **Your advisor**
- **Any one of your classroom teachers**
- **Your guidance counselor (Mrs. Abbate, Mr. Berthelette, Mrs. Tupper)**
- **An administrator (Dr. Alba, Mr. Cournoyer, Dr. Whaley)**
- **The school nurse (Mrs. Cucca)**
- **The school psychologist (Mrs. Pristawa, B17)**
- **The school social worker (Mrs. LeComte, B18)**
- **The student assistance counselor (Mrs. McLinden, Student Assistance office in B-wing next to B09)**
